TRAILBOSS

Towbar Fitting Instructions
To Suit Holden Rodeo
Part Number QTHD300B
Rating 1800 kg
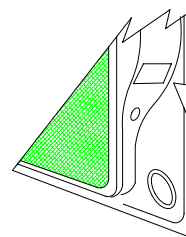

1. Offer the towbar to the vehicle and secure to the outside of the chassis rails using $1/2$" x $1\,1/2$" unc bolts, flat washers, flat washers, spring washers and nuts. (Items 1, 3, 3, 2 and 4).

2. Using the forward lower mounting hole on either side of towbar as a guide, drill a 13mm hole through the chassis and secure with $1/2$" x $1\,1/2$" unc bolts, flat washers, flat washers, spring washers and nuts. (Items 1, 3, 3, 2 and 4).

3. Tighten all bolts to the correct torque settings as listed below.

4. After fitting the towbar to the vehicle, attach the hitchbox collar (Item 5) with the logo at the top, by applying even pressure. Attach the tongue, Hitch pin and "R" pin. (Items 6, 7 and 8).

5. Refer to the diagram below for the location of the load rating sticker (Item 9).
