

MAZDA CX-7 ER WAGON 2/06 - ON

PART NO.

UNT291

1. In the rear cargo area of the vehicle remove the following parts:
 - a. Cargo blind
 - b. Floor carpet
 - c. LHS & RHS underfloor tool trays
 - d. LHS & RHS tail light access panels
2. Route the RHS side plugs (two plugs only) to the rear of RHS tail light. Disconnect the indicator plug and join the harness plugs in between.
3. Route the remaining four plugs to the rear of the LHS tail light. Disconnect the indicator and brake/taillight plus and join the harness in between.
4. Route five core cable to trailer socket mounting position. Make sure cable is securely attached using zip ties or similar (not supplied) and maintains a safe distance from heat or sharp edges.
5. Replace all components removed in reverse from step one.
