

JEEP WRANGLER JK WAGON 03/07 - ON

PART NO.

UNT328

1. Remove LHS & RHS taillights. Remove four external screws per light.
2. Unplug the RHS taillight and connect the trailer wiring harness between these plugs.
3. Route the trailer harness across to LHS behind bumper. Make sure cable keep a safe distance from heat sources and sharp edges.
4. Unplug the LHS taillight and connect the trailer wiring harness between these plugs.
5. Route five core cable to trailer socket mounting position. Make sure cable is securely attached using zip ties or similar (not supplied) and maintains a safe distance from heat or sharp edges.
6. Replace all components removed in reverse from step one.
